

On our first visit (*to Genesis*) our little girls were not overly excited when we were arriving, as this was the second Church we visited that Sunday morning. However, afterwards they said they loved the service. They were excited they got to come out of the Kids Club, be with us during praise and worship, and share Communion together. They were (*and so were we*) also very excited that not only were they encouraged to bring their Bibles to Kids Club, but that they actually were looking up scripture during the lesson.
