

## Financial Freedom and Prophetic Blessing!

The first week of Kingdom Ministry Training I was given a word about having financial freedom. For the past couple of years my family has had a very hard time financially, hearing that word gave us hope.

Seven months later I have started my new job for the USPS and am truly loving it. It is a huge increase and it's a huge blessing. I even got to invite one of my driving instructors to church!

Thank the Lord for this fulfillment of a prophetic word and blessing!

Thank you Genesis family for agreeing and standing with me in faith . . . love you all! (Frank Johnston)
