

Blessings Come with Tithing!

You've probably heard teaching on tithing. Most likely you follow Pastor Jeff in making the faith declaration on Sunday as you prepare your tithe. Part of our Sunday morning declaration says, “we will receive unexpected checks in the mail.” Ed and I believe very strongly in this confession (*the whole confession, not just this part*). We're also absolutely firm on giving our tithe (10%). It doesn't matter what our financial circumstances look like at the time—*we bring our full tithe into the storehouse every week*. It's God's money... we're just stewards. We know we're blessed day in and day out due to being faithful in giving, but on top of this, we also know our regular declaration and faith confession plays a big part in our abundance. Recently, in only a two-week period, we received over \$3,000 through the mail in unexpected checks! Now that is a faithful God!

I challenge you – *look... listen carefully to your confession*. Where is your faith . . . in your paycheck or in our Heavenly Father? Who is your resource?... God or your employer?! (Terri Carlson)
